

# We Are Wisconsin

We Are Wisconsin Supporters,

I'm writing you with some breaking and disturbing news.

**It was just announced that the legislature will be circumventing the normal legislative process and fast tracking right-to-work legislation next week.**

This would be disastrous for all of Wisconsin's families, and we need you to do three things to help us stop this latest attack:

- **First, dial 1-844-334-3438 to call your state senator and tell them to vote against right-to-work;**
- Then please forward this email to your friends and family, and ask them to do the same;
- Finally call them later today and over the weekend—make sure they understand the ramifications of this legislation and ask them to call their state senators as well.

I know these emails can all sound like the world is ending but this truly would be catastrophic.

We know that right-to-work is wrong for all Wisconsin families. Workers in right-to-work states earn, on average, \$5000 less annually than another states. We also know that six of the top 10 states with the highest unemployment rates have right-to-work laws. And on top of that, the wage gap for women is even higher in states that have right-to-work.

Wisconsin needs you. Right-to-work will hurt all Wisconsin families.

**Dial 1-844-334-3438 to call your Senator and ask them to vote against right-to-work, and then forward and call your list.**

We expect that right-to-work will be heard before the Senate Labor and Government Reform Committee this coming Tuesday. Keep your eyes on your inbox for further action alerts and updates regarding Right to Work.

Thank you for all you do, and we'll be back in touch as the situation develops.
